You need to know cell phone restrictions for minors, even if you're an adult, the GA permit test doesn't really make any distinction between teens and adults when it comes to picking permit test questions from the database. Section 7 of the book covers signs, signals and signage – nothing to skip here, but you can get through this chapter fairly quickly as it is full of images of road signs that you will need to know for a permit test. You can print these pages and post them somewhere around your desk, this will help you learn road signs a little faster.
